 Signature _____ Position _____

Leadership Development Pin Information

The Leadership Development Pin is an earned recognition for troop leaders, assistant troop leaders and Group Coordinators who have completed a series of requirements. The Leadership Development Pin depicts a brown owl on a yellow background. The pin has five hooks to which leaves may be attached in acknowledgement of courses taken.

Requirements:

- The candidate is an active, registered member of GSUSA who has completed one year as a leader, assistant troop leader or Group Coordinator.
- The candidate has completed all requirements in Section 1.
- The candidate completes an application for the Leadership Development Pin (on reverse side) and submits it to the Service Unit Adult Learning/Awards Coordinator. The pin may be applied for at the conclusion of the first year.

Enrichment Leaves:

Candidates need to document their hours when applying for leaves. In order for course hours to count toward a leaf, the classes must be related to increasing the candidate's skill in working with girls.

Green Leaf: The Green Leaf represents **10 hours** of coursework beyond those completed for the initial Leadership Development Pin. The hours may be completed at one workshop, course or adult learning opportunity event or represent hours accumulated at several events over a period of time. Five green leaves are replaced by one silver leaf.

Silver Leaf: The Silver Leaf represents **50 hours** of coursework beyond those completed for the initial Leadership Development Pin. The hours may be one workshop, course, or adult learning opportunity event or cumulative hours. Five silver leaves are replaced by one gold leaf.

Gold Leaf: The Gold Leaf **250 hours** of coursework.
