

2027 Cookie Top Rewards

Top level Rewards Process

Exciting Changes to Our Higher-Level Cookie Rewards!

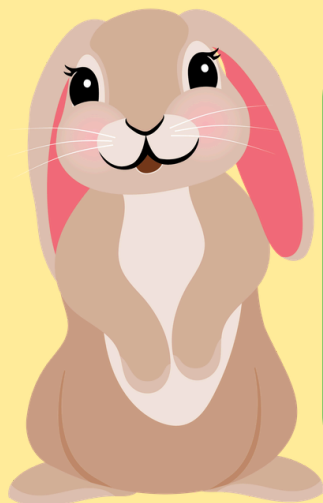

Girl Scouts will continue to earn cumulative rewards through the 1,000-package level. Beginning at 1,250 packages, rewards will no longer be cumulative. Instead, Girl Scouts will receive the reward(s) from the highest level earned.

Example: A Girl Scout who sells 2,000 packages will receive the 2,000-package reward, not the rewards from the 1,250- or 1,500-package levels.

This new structure allows us to offer more exciting, higher-quality rewards and experiences at the upper levels.

New this year: Buzz Bucks have been replaced with Troop Money. Troop Money will be deposited directly into the troop's bank account at the end of the cookie season to help fund future troop adventures.

Below, you'll find the latest information about higher-level rewards, including reward options, delivery details, and important dates. Please note that some rewards may take 4 to 6 weeks to arrive, and certain event details will be announced once participation numbers are confirmed.

Rewards will be mailed or emailed to the addresses we have on file in MyGS.

Ensure your information is up-to-date.

Caregivers have until June 30, 2027 to report any discrepancy or non-receipt of any top reward item. After this date, no rewards will be replaced.
